

## HAPPY HOLIDAYS TO ALL !!

### Winter 2008

#### In This Issue

- Holiday Greetings, from Our office to Yours!
- ATM Tips
- The Wellington Difference
- What is on Your WISH LIST!!
- Holiday SAVINGS You can write Home about!
- Get Better Acquainted!!

Winter is here and the Staff at Wellington Technologies would like to thank you for making 2008 a very successful year.

We wish each and every one of our valued Partners and Customers a very Happy Holiday Season and a rewarding and exciting new year!

Your loyalty and dedication to Wellington Technologies is deeply appreciated and Our Continued Goal is to deliver the very best product, the very best service, at the very best price. **THANKS!!**

### ATM TIPS

With only a few shopping Days left, just a reminder to prepare for Holiday ATM Activity.

Three (3) day weekends mean "ADD MORE CASH" Before the Holiday Starts, not after your ATM has run out of CASH!

We also recommend that ATM owners wipe clean the front of the ATM (especially the key pads) DAILY, during the cold and flu season. A little dish soap and a soft cloth will quickly and easily do the trick!

Please call Our 24/7 Tech Support Team at: 1-800-494-6984, with any Service related concerns.

### THE WELLINGTON DIFFERENCE

Wellington ATM's share existing electrical and phone wall outlets. Virtually 100% of all Wellington ATM's are plugged into existing electrical and phone outlets! DON'T ALL ATM's you ask? NO, most ATM's require "Dedicated" power and phone to operate reliably. Dedicated power and phone installed directly between your main power and phone panel to a distant dedicated wall outlet could cost between \$500 and \$2,000.00 to install.

If your ATM exceeds 600 transactions a month, a dedicated phone line is recommended.

**WHEN IT COMES TO SECONDS,**

**YOU'RE SECOND ALL RIGHT --**

**SECOND TO NONE!!!!**

*Thanks for being the BEST!!!!*

### IS INSTANT ACCESS TO YOUR ATM INFO ON YOUR WISH LIST???

If you are looking for instant access to your ATM information—Wellington Technologies can fulfill that wish through **ATM Portal**. Once your account is activated simply login to our Website under the Reporting section and you will be directed to **ATM Portal**. This product allows access to ACH Reports for both Surcharge and Settlement Deposits; Status reports showing Terminal Balances and Zero Activity Terminals; as well as transaction Reporting of Daily Terminal Transaction Activity; Monthly Terminal Statements and Real-Time Transaction statistics that are up to the minute. **Best of all**, if you are currently processing with Wel-

lington Technologies, this Product is **FREE!**

To get started, go to our Website at [www.wellingtonatm.com](http://www.wellingtonatm.com), click on the reporting Section, scroll down to Sign up and complete the short form. Click Submit and soon your **Wish will be fulfilled!**

Our Tech Support Help Desk is ready to assist you with any questions you have once you start. Our Tech Support Phone Number is:

# GET ACQUAINTED WITH SOME OF THE CREW!!!!!!!!!!!!!!

## ELAINE McCLELLAND

Elaine has been with Wellington since May 2005, and was recently named Chief Financial Officer. With over 25 years of experience as Controller and Accounting Manager for two large Construction firms. Elaine brings Invaluable Experience and Expertise to Wellington Technologies, Inc.

## CAROL THATCHER

Carol came to Wellington in July 2008, as the Accounting Assistant to the CFO, with over 30 years of accounting and office support experience. She brings a quiet resolve to Wellington.

## RICH WHITE

Rich started with Wellington in July 2003, and was promoted to the Team Lead Tech Support Position in October 2003. His Knowledge and Expertise have greatly reduced customer down time and helped Wellington move forward as an Industry leader with ATM internet and Cellular Communication.

## MARK HANSEN

Mark came to Wellington in April 2007, and was recently named National Sales Consultant. Mark has 23 years in the retail and Mortgage Business. His Computer and Customer Service experience is invaluable.

## ERIC WILLIAMS

Eric came to Wellington in Feb.2006 and was recently named Wellington's Senior Technician. Eric has the amazing ability to change the face of Wellington's ATM's, by designing custom Screen Logos for individual customers.

## JOE TONNSEN

Joe started with Wellington in the Spring of 2008, as the new Tech Support Help Desk Technician. Joe brings a wide knowledge of Security Camera monitoring and Misc. Technical background to Wellington.

**Call 1-800-494-6984 to talk to the CREW!!!**

## COUPON SOFTWARE

Your Odyssey Series 1000 Model ATM comes with STANDARD Coupon Software capabilities. It is the perfect opportunity to Promote Discounts, Up Coming Events, drive people to IN STORE locations of your Choice, and can be easily changed. Just another way to increase ATM effectiveness from WELLINGTON TECHNOLOGIES, INC., your ATM Solutions Provider! Call Tech Support at 1-800-494-6984 for more details!

## FOOD FOR THOUGHT!!

*Luck requires clear planning,  
"Luck is what happens when  
preparation meets opportunity."*

## Warranty Update

The Wellington extended parts warranty program has been developed to be affordable and available on EVERY Wellington ATM regardless of age.

To find out more about this exciting program, please contact MARK HANSEN or BOB CARR, at 1-800-494-6984. Thank you for your parts warranty requests and suggestions. Wellington expands its products and services based upon your requirements, suggestions and needs.

## LOCATION, LOCATION!!!

*Location within a location is very important when considering a place to "Park" Your ATM. As close as possible to your front door is best. A difference of 6' can reduce your ATM Transactions as much as 50%. Give Mark Hansen or Bob Carr a call at 1-800-494-6984 to help MAXIMIZE your ATM Profitability!!!!!!*
